In 2012, some of our most significant grants again came from our Centennial Coin Fund Grants program. These funds were from the sales of BSA silver dollars in 2009 and committed to extend Scouting into hard-to-serve areas. Last year, 14 councils received large grants totaling almost $600,000, and 11 other councils received a total of $32,500 in smaller grants. Most importantly, these grants have made an impact. The average membership increase in these priority markets was almost three times higher for councils receiving Coin Grant funds compared to councils not receiving them.

We continued recognizing our “Lifetime Investors” into the Second Century Society—for donors who have made cumulative, lifetime gifts to Scouting of $500,000 or more. This was part of our Society restructuring that included adding new regional and major market chairmen. We had three great recognition events for our Society members: in Naples, Florida, in February; in Orlando, Florida, in May as part of the National Annual Meeting; and at the Naval Academy in Annapolis, Maryland, in October. What a treat to recognize these donors who are so critical to the future of Scouting!

Thanks again to Dale and Gail Coyne and the Dale Coyne Racing team for their great generosity in sponsoring the BSA race car in the IZOD IndyCar Series. They again showed tremendous hospitality to the Foundation’s donors and friends at several races, including a great Indianapolis 500 event. With the BSA Racing initiative expanding into NASCAR, we look forward to also supporting the Scott Lagasse Racing team events in 2013.

Our major gifts training initiative continues to grow as well. We had some great training sessions for volunteers and council staff at the Florida Sea Base, finance symposiums in Orlando and Seattle, and supported local council board training at Philmont and elsewhere. We’re also proud of the manpower and funding we provided in support of Scouting’s largest council merger in history, the Michigan Project.

Finally, thanks to our Treasury Department and the BSA’s Finance and Investment Committee for their stewardship of our assets. Our portfolio of charitable remainder trusts had an investment return of 11.7 percent, and our other advised funds, scholarships, and grant funds had a return of 13 percent. Great investment performance, added to the generosity of many wonderful donors, makes a big difference for Scouting. Thank you!

Foundation trustee Glenn Adams was one of dozens of BSA Foundation donors who enjoyed our BSA Racing VIP Experience at the Indy 500.

2012 FOUNDATION PRIORITIES AND GROWTH

ENHANCED SERVICE MODELS FOR COUNCIL SUPPORT
While the Foundation continues to support all local councils in their major gift and endowment efforts, we developed three new service models to greatly enhance our effectiveness and get higher-quality results from our major gift efforts:

1. **Premium Services**: These allow individual councils to contract for priority, exclusive, on-site gift-consulting services for a set number of days or weeks.

2. **Shared Services**: Two or more local councils contract for these priority gift-consulting services and split among them the cost for the services.

3. **Market-based Services**: A dedicated major gift officer who lives and works in a major market provides priority gift-planning services to councils in that market. The Foundation splits the cost of this dedicated major gift officer with the councils who agree to be part of the market-based partnership.

Councils participating in our enhanced service models also receive priority invitations to BSA Racing events and other donor cultivation activities, as well as free or reduced registration costs for our major gift seminars.

POTTERFIELD GRANT PROGRAM FOR SHOOTING SPORTS
Thanks to the generosity of Larry and Brenda Potterfield, a new fund was developed to support and improve the shooting sports programs of local councils. In 2012, we distributed almost $500,000 to 22 councils so they could increase the number of new shooting experiences for their Scouts and the number of new shooting-based merit badges earned.

INNOVATION GRANT FUND
Started with a generous gift from Michael LoPresti and his family, this vital new fund was started to support some of Scouting’s most important and innovative initiatives in the delivery of: 1) STEM programs and facilities; 2) developing community relationships; 3) high-adventure programs; and 4) developing youth leadership in underserved communities.

SECOND CENTURY SOCIETY REGIONAL CHAIRMEN
The Foundation appointed regional Second Century Society chairmen, charged with promoting the Society throughout their regions. These chairmen help us organize donor events and activities in some of Scouting’s major markets, encourage their peers to make new gifts and join the Society, and recruit major-market chairmen to assist them in these tasks. We have received some great new gifts and hosted some outstanding events through their efforts.

PRESIDENTS LEADERSHIP COUNCIL GIFTS
We made some very special presentations to our members of the Presidents Leadership Council, recognizing many of them at local events or small gatherings at their homes in appreciation for their gifts of $1 million or more. Each member received a beautiful bronze sculpture of Rockwell’s “Scoutmaster,” a cast statue of Rockwell’s “A Proud Moment,” and a giclee copy of a Rockwell painting selected by each donor.
DONOR AND CHARITABLE GIFT SERVICES

We offer and accommodate many types of gifts to support the needs of our donors, families, and advisors:

**DONOR-ADVISED FUNDS**
These are among the most popular charitable giving tools for donors and their families. Once the fund is established, donors may recommend annual distributions to local councils, Scouting programs, and even to non-Scouting charities. These are outstanding alternatives to a family foundation and can accomplish numerous philanthropic goals for donors and their families.

**GIFT ANNUITIES**
These popular types of gifts allow donors to give stock or cash to Scouting and, in return, receive lifetime payments (that are part tax-free) and other tax benefits. Gift annuities may also be deferred to start at a future date of the donor’s choice.

**GIFTS OF STOCKS AND LAND**
Gifts of stock, bonds, and real estate, both developed and undeveloped, can be highly effective ways to make a gift. If the assets have appreciated in value, they often avoid capital gains and make it possible to make a major gift at a minor cost. Gift property not needed for program needs is sold so the proceeds may be used for them.

**CHARITABLE TRUSTS**
The Foundation provides sample documents and can serve as trustee for many charitable remainder trusts and charitable lead trusts. These trusts provide immediate tax-deduction benefits, annual income to beneficiaries, and a remainder gift for the Boy Scouts of America (or other charities) when the trust ends.

**MAJOR GIFT PLANNING**
We also work with local councils and donors on a wide range of other highly effective types of gifts, including bequests, life estates, beneficiary designations for IRAs and insurance policies, and collectibles such as coins and stamps. We also believe that preserving family values and ethics is every bit as important as preserving estate values.

For more information on these and other types of gifts and philanthropic opportunities, please contact the BSA Foundation.

**SELECTED GIFT HIGHLIGHTS**
In 2012, we received some particularly interesting gifts in support of Scouting, including the following:

- 110 acres of beautiful land in the heart of Napa Valley, California ($1.3 million)
- A historic, commercial building in downtown Aurora, Illinois, to house an urban BSA leadership center for Scoutreach youth ($700,000)
- A national grant fund for local council shooting sports programs ($500,000)
- A national grant fund for STEM and innovation for four councils in Illinois ($150,000)
- A donor-advised fund distributing three-quarters of its funding to the council in Bethesda, Maryland, and the other quarter to the Foundation for STEM programs ($100,000)
- A trust gift to benefit both Philmont and the BSA Foundation endowment ($1.2 million)
SECOND CENTURY SOCIETY

The Second Century Society is one of our most important donor recognition groups. It was started in 2010 to honor the start of Scouting’s next 100 years, replacing the Founders Circle and 1910 Society donor groups.

To qualify, donors make a gift to any Scouting entity (e.g., local councils, Philmont, the BSA Foundation), and the gift may be used for operating, capital, or endowment. The minimum gift to qualify is:

- An outright gift of $25,000 or more, payable over five years, or
- A deferred gift of $100,000 or more (e.g., bequest, IRA, insurance, trusts)

Donors making outright gifts of $100,000 or more are designated as Second Century Society “Members with Distinction.” Donors making deferred gifts of $500,000 or more are designated as Second Century Society “Legacy Members.” Members in these categories receive special recognition items and invitations to BSA Foundation events, special dinners, and other exclusive opportunities for access. Additional recognition levels are available as well.

PRESIDENTS LEADERSHIP COUNCIL

The mission of the Boy Scouts of America’s Presidents Leadership Council is to provide input, ideas, suggestions, and financial support for the BSA’s approved fundraising priorities. A gift of $1 million or more, payable over five years, to the BSA Foundation in support of an approved local and/or national initiative is required to participate.
